

Libby Adding Libraries

Your MADL library card gives you access to multiple library collections on Libby.

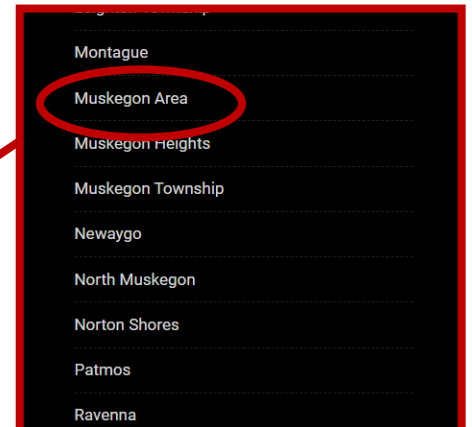

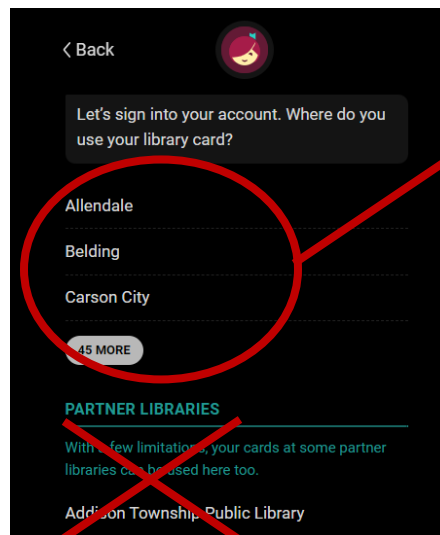

If this is your first time signing into Libby, please start here, if not, flip to the back.

1. Sign into Libby via the Libby app or at LibbyApp.com
2. Say “Yes.”
3. Choose “Search for a Library.”
4. Type in Muskegon and then choose “Lakeland Digital Library” from the list.

You should now be taken to the homepage of the Lakeland Digital Library on Libby. You can tell you're in the right place because you will see the Lakeland logo in the upper left corner.

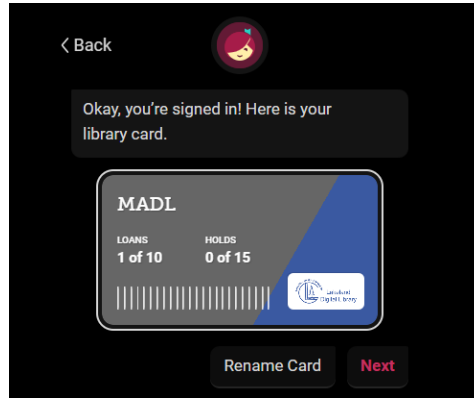

5. Choose “Sign in With My Card.”
6. Choose “Muskegon Area” from the library list. Do NOT choose from the partnered libraries at this time!

7. Enter your library card number.

8. You should now see card showing you the number of holds and checkouts you have available.

9. If you are a Kindle reader, do not forget to tell Libby! This will filter your books for Kindle compatible copies only!

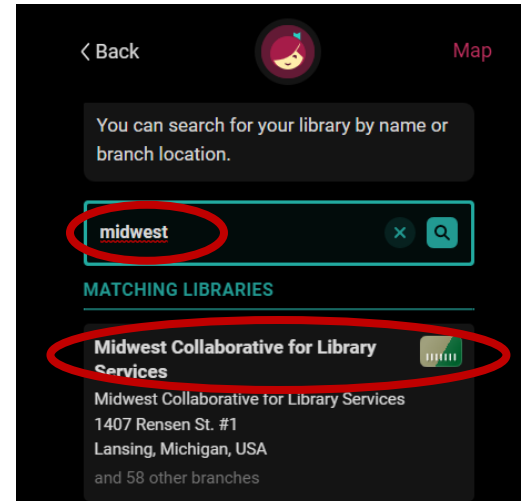

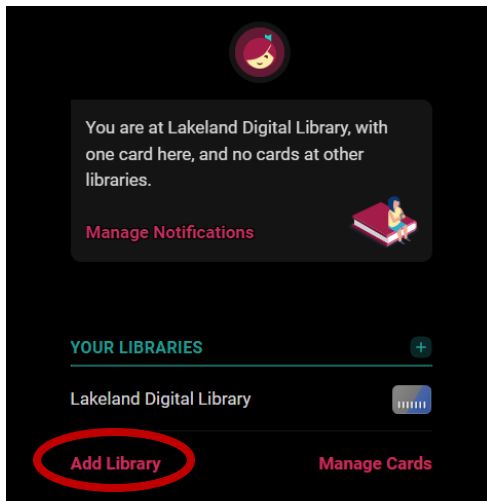

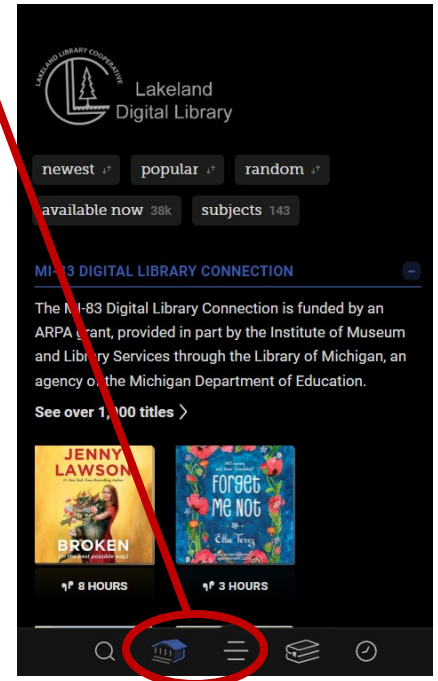

You have now registered for your home library collection on Libby! To add more, we will need to switch between the home tab, and the menu tab at the bottom of the screen.

1. From the menu tab, you should choose "Add a Library." You will then be prompted to search for a library by name.

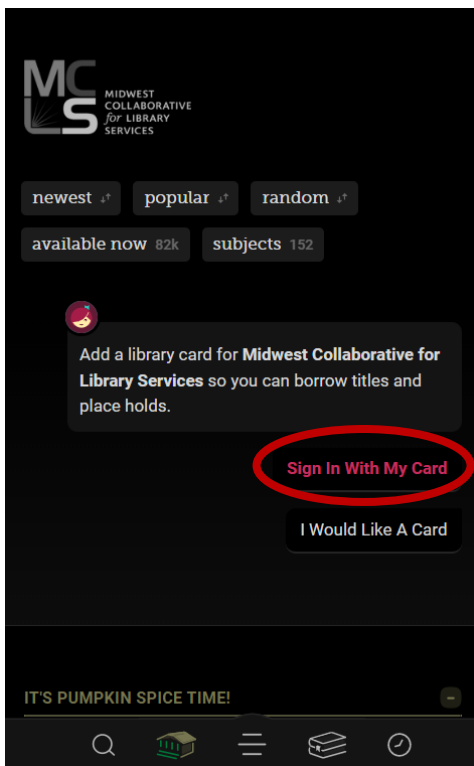

The different library collections you have access to are:

- [Download Destination](#)
- [Great Lakes Digital Libraries](#)
- [Lakeland Digital Library](#)
- [Midwest Collaborative for Library Services](#)
- [Suburban Library Cooperative](#)
- [White Pine Library Cooperative](#)

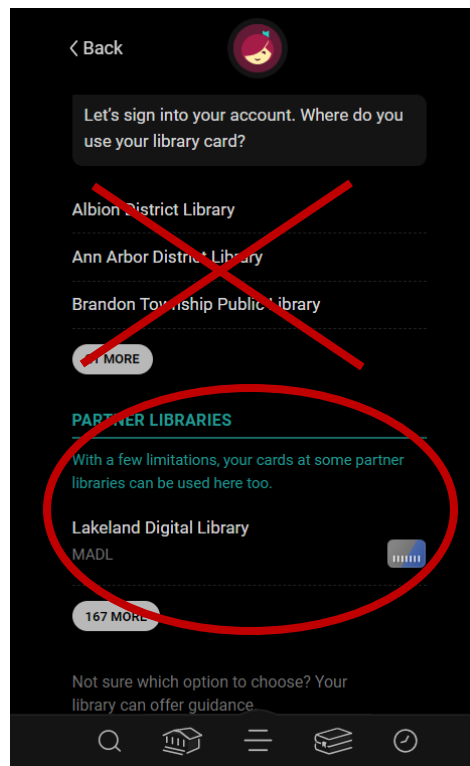

These libraries can also be found at MADL.org/AtHome

2. When you find and select one of the partnering library collections, you will be taken to their home page with their logo in the upper left hand corner. Choose Sign in With My Card.

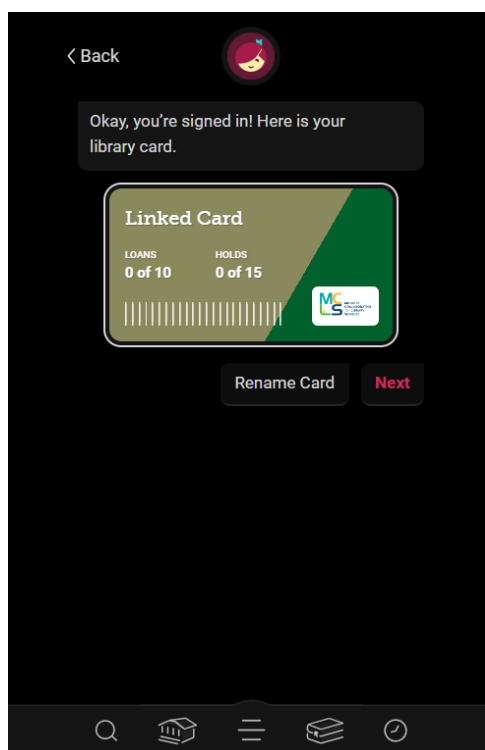

3. This time, you need to pick the Lakeland Digital Library from the partner libraries . Do NOT look for a MADL branch under the main library list.

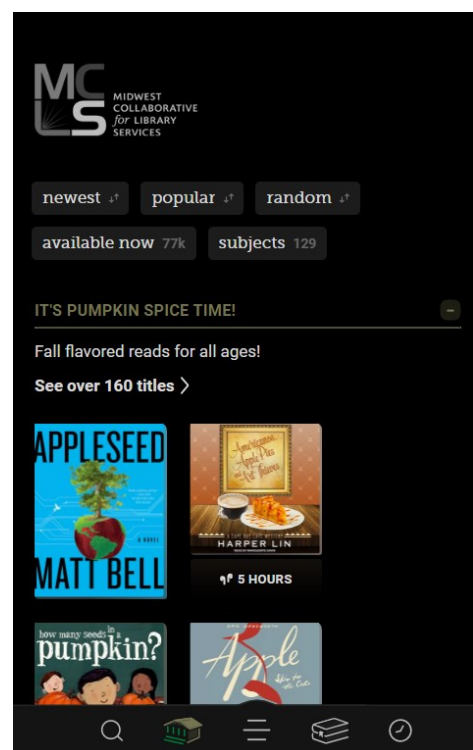

4. Enter you MADL library card number.

5. You should now see a card showing you the number of holds and checkouts you have available with this collection.

6. Now if you are on the Home tab, you should see the new logo in the upper left hand corner of the screen.

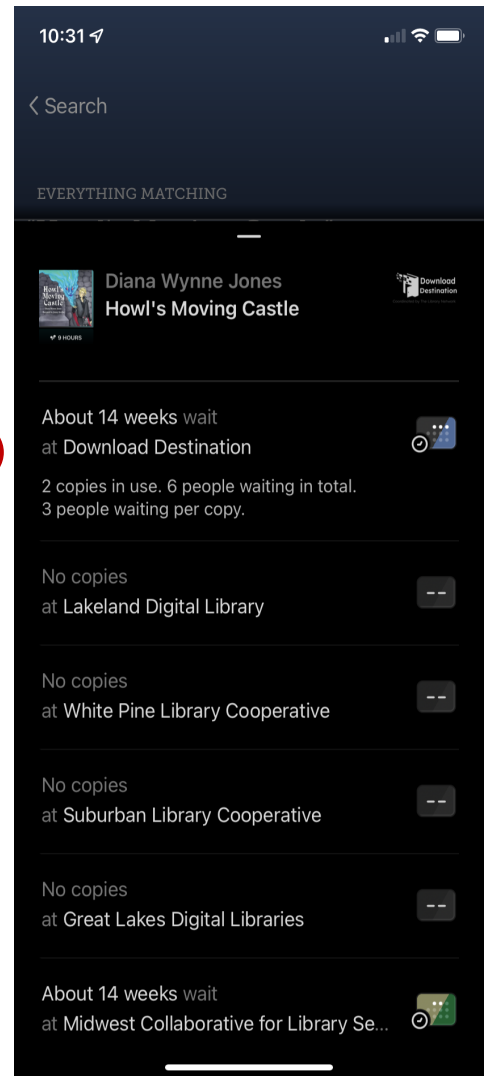

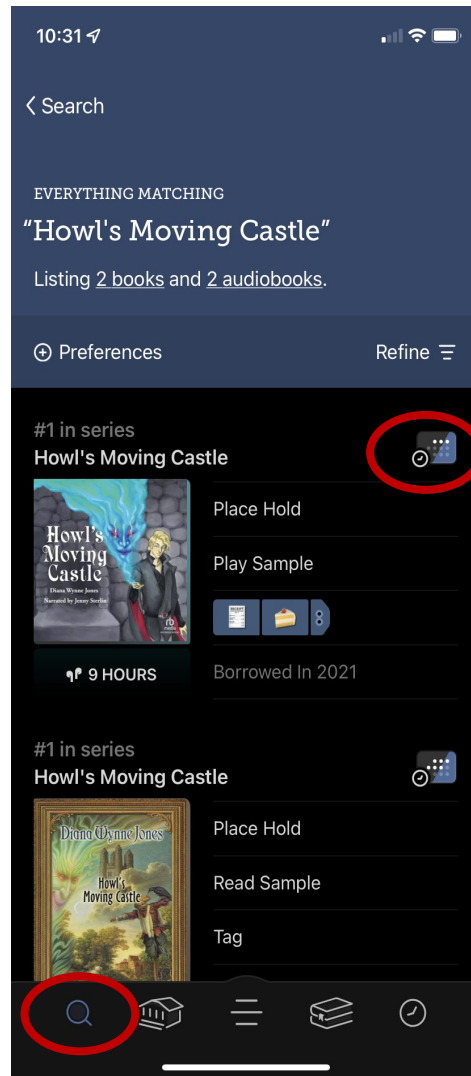

Once you have multiple libraries added to Libby, you can easily switch between them on the Menu tab or when you perform a search.

1. Find all of your libraries on the menu tab. The one with the star is the one you're currently in.

2. Perform a search and look for the card icon next to the item you want.

3. Click on the icon to see what other libraries have the item and what your wait time might be.

You can use all your cards to put holds on the same item if you'd like. Just don't forget to cancel your unnecessary holds when you're done!

Each library has a different collection for their communities, so it's important to look around and discover which one suits you the best! Try them all today.
